

## Flow Chart 1: Gaining the Challenge Award

Supporting and Developing a Whole School  
Commitment to School Improvement

Become a member of NACE & purchase the Challenge Award  
framework to use as:  
1. A development tool  
2. An audit / action planning tool  
3. A tool for assessment and application

1. Use as a development tool if in the early  
stages of:

- Auditing of provision
- Developing identification
- Focusing on more able learners in data analysis, teaching, learning, and monitoring

2. Use as an action planning tool if your school has :

- An A, G&T policy that is well established regularly reviewed by staff
- A general whole school level of understanding regarding identification
- A developing awareness of the needs of A, G&T pupils with self evaluation focusing on meeting the needs of A, G&T pupils.

Carry out a full audit, against the criteria of all 10 Elements to identify good practice and to action plan for improvement. Include SMART targets for provision and outcomes in your action plan

3. For assessment and application when self evaluation against the 10 Elements suggests the school has met all *Assessment Requirements*

Collate a portfolio of evidence to support the school's submission. Documents to be submitted electronically should include the completed 10 Elements Self Evaluation and Core documents :

- MAG&T Action Plan
- School development/Improvement Plan
- MAG&T policy
- Teaching, Learning and Assessment Policy(ies)
- School's self evaluation document
